

Pound Printing

Note: Images must be print ready. This means the images size of your desired out put must be the same proportions as the original image size. We have Graphic Design services available if you need assistance making your image print ready.

If your original image size does not match proportions to the desired image output size would you like us to:

- Distort image to match desired output size**
- Crop image at our discretion to meet desired output size**
- Resize to next largest size to keep original proportions**
- Resize to next smallest size to keep original proportions**

***If you do not check one of the above boxes and the proportions of your original image do not match your desired output size your order will be delayed.**
